Apologies: Heather Hunt

1.To consider making an application for funding of Local Character Assessment

Ruth Finlay reported that she has had various conversations with Kath Statham, Cornwall Council Landscape Architect and CRCC regarding the importance of generating a local character assessment of the settle edge of Fowey.

Each area where the assessment is carried out will cost £600 with there being 8/10 areas on the settlement edge of Fowey.

Funding for the assessment will be tendered for through Locality

A vote was taken for Ruth Finlay to make an application for a grant through Locality to fund the character assessments

Ruth Finlay proposed and Katherine Alexander seconded that the application should be made as quickly as possible and that Kath Statham will be contacted to indicate our intentions to progress with the assessments – all present voted in favour

Meeting closed at 8pm
